HOLIDAYS HOMEWORK

Name: _____

Class: 1 *Section:* _____

Session: 2024 - 25

Dear Parents,

We wish you and your child a very happy summer holiday. It's time to enjoy and create a bond with family, friends and relatives. To utilize this time in the most constructive way we have prepared Holiday Homework for the students on the principle of "learning by doing" for his/her holistic development.

We kindly request your support in encouraging your child to create a story, poem, article or write-up on A4 size paper. Once completed please attach your child's passport-sized photograph in school uniform, along with their class and section details. Next, scan the document and send it to your child's class teacher's mail id.

* Play different games like hide and seek, football, ludo, chess etc. with your child. This will encourage them to express freely and will make them more responsible.

Language Development

* Encourage your child to converse in English.

* Choose any one object from your surroundings every day, let your child speak few lines on it to develop their speaking skills.

We are positive that the combined endeavours shall bring about the desired all-around development of the child.

Put the nouns into the correct box.

1. ADDITION GAME FOR FUN !

Skills Developed - Gross motor Skills, Social skills, Thinking skills, Cognitive skills.

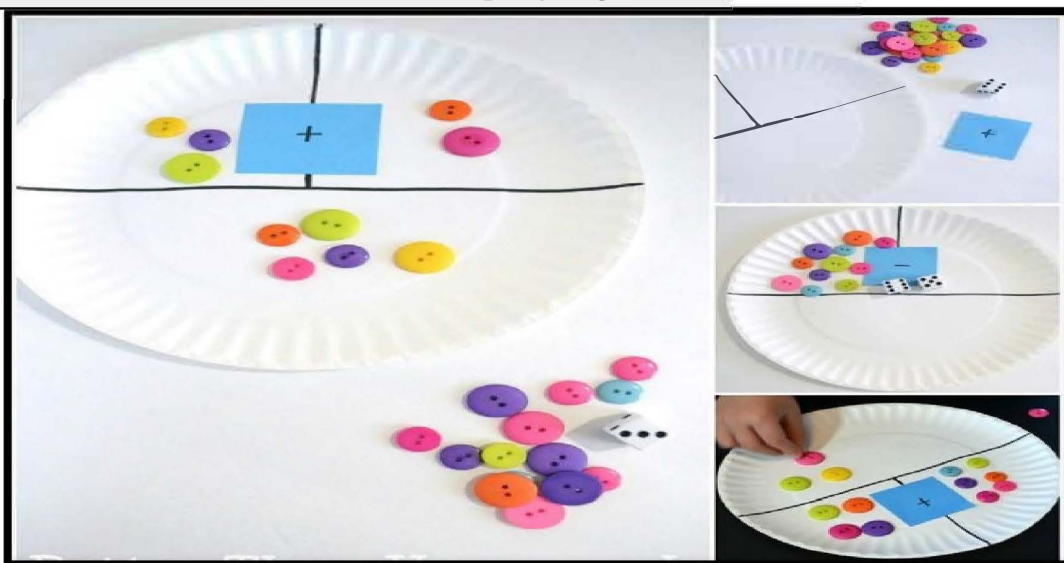

Practice makes perfect and we know that it's true when it comes to maths. So, let's practice addition with this fun "Paper Plate Addition Game".

This fine motor Maths fact activity is a hands-on way for kids to practice Addition. It's so easy to set up and lots of fun.

Material Required –Paper Plate, Buttons, black marker and dice.

How to make – Use black marker to draw a line across the centre of your plate. Next draw a line to divide the top half again. See the image for an illustration. Write a Plus sign between top parts

How to Play –Roll one dice, place that number of buttons in the first section of your plate. Roll the dice again. Place that number of buttons in the second section. Add the two sections together and put the correct number of buttons in the bottom half of the plate. Remove the buttons and play again

3- Let's Learn the Poem ("Zero My Hero")

Three bits of paper lying on the floor,

Pick up one, put it in the bin

Look at the floor now, two are left

Two bits of paper lying on the floor,

Pick up one, put it in the bin

Look at the floor now, one is left

One bit of paper lying on the floor,

Pick up one, put it in the bin

Look at the floor now, no paper is left.

Value of Zero

If you put me in the left of number,

Number will be same

If you put me in the right of number,

The value will be changed

That's why I AM HERO, not only ZERO
